Academic and Teaching Experience

I am an Associate Professor with extensive experience in medical and pharmaceutical education. I teach across multiple faculties, including Pharmacy, Medicine, and Dentistry, contributing to the development of future healthcare professionals.

Teaching Expertise

My teaching responsibilities include a diverse range of pharmaceutical and medical sciences, covering:

- Pharmacology
- Pharmacy Practice
- Pharmaceutics
- Clinical Pharmacy
- Biopharmaceutics

I have a strong commitment to academic excellence, research development, and student mentorship, ensuring that students gain both theoretical knowledge and practical application in their respective fields.

- **Academic Qualifications:**
- **Ph.D. in Pharmacy** – *Curtin University, Australia* (2016)
- **Master's in Pharmacology** – *University of Tripoli* (2008)
- **Bachelor's in Pharmaceutical Sciences** – *University of Tripoli* (1993-1994)
- **Academic Rank: Associate Professor** – University of Elmergib (2024)

Current Academic and Professional Positions

- **At University of Elmergib:**
 - ❖ **Head of Examinations and Academic Affairs**
 - ❖ **Head of Pharmaceutical Care Sciences**
 - ❖ **Editorial Board Member** – *Lebda Medical Journal*
- **At Al-Asmariya Islamic University:**
 - ❖ **Dean (Seconded)** – Faculty of Pharmacy, Al-Asmariya Islamic University

Professional Pharmacy Practice

In addition to my academic career, I have **practical experience in pharmacy operations**, having worked in **pharmacies across Tripoli and Khoms**. My experience in **community and clinical pharmacy settings** has strengthened my ability to bridge **academic teaching with real-world pharmaceutical practice**.

- **Other work experience**
- ❖ **Reviewer for Peer-Reviewed Journals:**
 - *PLOS ONE*
 - *Lebda Medical Journal*
 - Internal and external reviewer for faculty promotion research at Libyan universities
- **Teaching experience**
 - A lecturer at Elmergib University (Faculties of: Pharmacy, Medicine and Dentist)
 - A lecturer at Al-Asmariya University (Faculties of: Pharmacy and Medicine)

- A lecturer at Libyan Academy

Research and Publication Expertise

- Published multiple research studies in **pharmaceutical sciences and medical education**, available on **Google Scholar**.
- Experience in **peer review and manuscript evaluation** for international journals.
- Specialized in **scientific writing, metadata preparation, and journal indexing**.

Skills and Competencies

Leadership and Editorial Expertise

- **Editorial Oversight:** Managing peer review, ensuring **quality and ethical standards** in academic publishing.
- **Strategic Planning:** Developing policies for **journal indexing, open access, and research visibility**.
- **Collaborations:** Engaging with **international researchers and institutions** to enhance academic networks.

Academic Administration and Quality Assurance

- **Faculty Development:** Supporting **career progression, mentoring, and training programs**.
- **Research Evaluation:** Conducting **internal and external reviews** for faculty promotion.
- **Institutional Growth:** Leading **strategic initiatives for education and research excellence**.

Professional Development and Training

- Conducted workshops on **journal management, research methodologies, and academic publishing**.
- Organized seminars on **faculty promotion criteria and manuscript evaluation**.

Affiliations and Contributions

- Member of **academic committees** focused on institutional development.
- Advocate for **advancing journal quality and research visibility**.
